

Ritchie Creative Design

January 26, 2011

After a bad experience happen to my previous house, we are worried when searching for a trustful interior designing firm. Consider ourselves lucky enough that we have found Ritchie Creative Design.

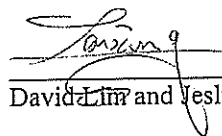

June is the designer who we have meet on our first appointment and she gave us the kind of confidence and the trust, so we decided to give it a try and hope for the best after the previous experience. To our surprise, we are happy with her effort and her patience toward us especially my kids bedroom. She has shown us the kind of innovative idea which capture my daughter heart and the kind of comfortable feel that she can feel.

Throughout the designing process, June is thoughtful and respectful of our concern and willing to listen to our suggestion and coming with an ideal design. Due to the short period of time we can give her, she did not reject us which most of the renovation companies don't even bother to reply back to us. Her passion toward her work and her willingness to scarify her weekend to help us rush out the project together with her team show us how professional she is, my wife is very happy with her effort and the result that given to us that we will highly recommend her to our friends or anyone who want to have their house to leave to someone that can be trusted to do the job.

I have not see anyone like her who is willing to fold her sleeve and take up the tools to help us clean the place and to fine tune our place even we have already move in during the renovation.

June, thanks again for your effort that you have put in our new flat.

Sincerely,

David Lim and Veslin Ang
