

Hi,

First impression counts and June Loh was able to capture our attention in the first visit to your office. Her sincere and forthcoming attitude made us feel comfortable in having further dealings with her.

We decided to engage June's service at the end of 2nd meet-up. June truly proven to be more than competent in handling our renovations. She was able to incorporate her vast knowledge on material used as well as colors combinations to suit our desired "Timeless" theme.

With her meticulous disposition, on-site supervision was a breeze for us. She was able to rectify any variations (from our discussion) even before we could spot them. The workers that were engaged by your company are skillful, the jobs produced are more than satisfactory.

After-sale support was excellent, June always respond almost immediate. Till now, 2 months from the completion, we are still receiving good after-service support.

Would definitely recommend June and Ritchie Creative Design to people around me if they are finding a good and trustworthy renovator.

Warmest regards
Mr & Mrs Wong
